Practice and Equipment

- We send tutorial videos (youtube link) of the drum pieces for practice at home via whatsapp. There is no flat rule of thumb but we recommend practicing ten minutes a day.

- You do not need a drum. You can rehearse with your drumsticks on any surface is suitable,....i.e, the sofa, a piece of wood, a stool with a towel over it..anywhere!

- Once your child is committed to drumming you can ask our advice on what drum suits your child to progress.

- In the classes we use a snare or a tom with a rubber practice pad on top.

What to bring to class

- Bring your drumsticks - if you don't own your own drumsticks we sell them for 6euro.

- Drumadore wristbands - please wear your wristbands to every class.

- If you lose your wristbands they can be replaced at a cost of ten euro.

Drumadore Merch

- We do a bulk order of Drumadore hoodies and t-shirts at the beginning of each term.

- Orders are made via our online shop (<https://www.drumadore.com/shop>) and items are delivered on arrival to classes - lead times are about 3 weeks.

- For performances and events we sell t-shirts at cost price to wear for our end of term concerts and any other performance events that arise during the year.

End of Term Concerts

- There are 4 end of term performances per year.
- These concerts take place on the last class of every term.
- The concert replaces classes. Parents will be given notice of the concert times (which may be different to class times) so they can attend to watch their child perform.

TEAM SPIRIT!

SHORT TERM GOAL

BOOST CONFIDENCE

Extra Events

In addition to the end of term concerts our drummers are often invited to perform publicly.

We have had some amazing performance opportunities such as on the Late Late Toy Show, at the Connacht Rugby games, jamming with The Saw Doctors, the Macnas Parade and at the Galway 2020 opening ceremony.

When such events pop up we let parents know as soon as we can so that their child can take part.

Progression

- Drumadore Steps progression is based on a coded wristband system – children start at white band in junior infants and work their way up to black band.
- At the end of every term the children receive stickers to mark the moves they have just learned to put on a wall poster that is kept at home.
- There are roughly 70 Drumadore moves to learn from white to blackband.
- The moves are embedded in the songs that the kids learn each term.
- At the end of every year then they move up a wristband and receive their certificate of completion.
- We feel using this system there is a clear pathway to success from beginner to pro and it also encourages a growth mindset and allows the children to see themselves as part of something big.
